And Jesus came and spake unto them, saying,
All power is given unto me in heaven and in earth.
Go ye therefore, and teach all nations,
baptizing them in the name of the Father,
and of the Son, and of the Holy Ghost:
Teaching them to observe all things

and, lo, I am with you always,

Lesson 1

GENERAL INFORMATION AND INTRODUCTION

INTRODUCTION:

This Orientation Outline replaces the SP-108 for teaching the Orientation class. This Outline contains most information found in the SP-108 syllabus and it also contains additional information regarding the system of Baptist International and many notes accumulated along the way in development of Baptist International.

The Orientation describes in general the courses and it should be remembered that in the beginning of each class it should be taught how that class connects to *Love Commandment Doctrine*.

The *Baptist International Handbook* should be supplied to and reviewed by the students before starting the Orientation. The *Handbook* will explain many things and answer many questions the students will have. Before starting the following Sessions, the teacher should spend some time teaching on the importance and fundamental application of the Great Commission, and also ask the students if there are any issues that need clarification.

More of one type at the lower levels, fewer of other types at the higher levels.

Lesson 2

THE GREAT COMMISSION

INTRODUCTION:

The Great Commission (Mathew 28:18-20) was given to the church. The church, which is a body of baptized believers who have covenanted themselves together to carry out the commandments of our Lord, are people who are to be faithful to the Great Commission.

The Great Commission is Baptist International in a nutshell. Jesus gave the Great Commission to eleven men. Without obedience and a “world vision” these men would not have continued a movement that now has over 1 billion Christians in the world today.

Lesson 3

COMMANDMENT DOCTRINE

INTRODUCTION:

The Great Commission (Mathew 28:18-20) is a commandment given to the local church. Going into all the world and preaching the gospel is a commandment.

Baptizing believers is a commandment. Being baptized is a commandment (Acts 10:48).

Commandment Doctrine is what we are supposed to DO and TEACH (Acts 1:1). God's commandments are our DOCTRINE.

You DO and TEACH the commandments of Christ (teaching to observe...). In the Baptist International program a man will learn what commandment doctrine is and what are the commandments of Jesus Christ. These are what we are commanded to observe and teach.

Lesson 4

THE SCRIPTURE WORK

INTRODUCTION:

The Great Commission (Mathew 28:18-20) involves getting the gospel of Jesus Christ to every creature.

This is accomplished by two means: A man and a message. A preacher and that which is preached. A servant and the scriptures (Philip and the Ethiopian Eunuch in Acts 8). The scriptures are a necessary part of evangelism. Men are born again, not by corruptible seed but by incorruptible, by the word of God (I Peter 1:21-23).

The scripture work (God's seed) is committed to Christ's bride—the local church. God's people have always been responsible for the preservation of God's seed. A man's “seed” is given to his wife or it is adulterated. The same happens when God's seed is perverted by para-church organizations.

FINANCIAL INFORMATION

INTRODUCTION:

A Biblical curricula would not be complete without teaching on the subject of finances. God's word has much to say regarding this subject. There are teaching syllabi that cover this subject in detail during the Associate Level curricula. Basically, if a man is not taught how to follow the leadership of the Holy Ghost in liberty, he is not fully ready for separated service. H. A Biblical Financial Practice—Live by Faith and use Biblical wisdom in the handling of all finances.

I. Debt is pictured as sin

1. Short-term covetousness equals long-term bondage.

3. Equity is the tool of the wise.

4. Choose the wrong way and you will pay.

Lesson 7

WORK SERVICE AND MINISTRY MAJOR

INTRODUCTION:

Before the mid point of the associate level program the student should know what ministry major the Lord is directing him to. If the student has not been “doing” what is required then he still may be unsure where the Lord is leading. That student should continue “to do” until he is led by the Lord. The Baptist International curricula is designed to teach a student what he will need regardless of his ministry major.

The reason for this is that his ministry major will be one of three categories in one of two divisions (refer to page 20), and these areas of responsibility overlap. God will call him to one of these three areas and he will be prepared to do all three which will be his responsibility, with one being his ministry major.

H. Ethnology and Languages of the World

1. The commandment to “teach all nations,” involves Ethnology and language work. The following is a list of the principal official languages of the world by D. M. Fraser, D.D. Ph.D.:

PRINCIPAL OFFICIAL LANGUAGES OF THE WORLD - APRIL 1990

As there are over 6170 languages in the world, a practical approach to fulfilling the commandment of God in getting the Scriptures to every nation necessitates an orderly and scriptural procedure, with different divisions of languages. This is not intended as a complete list, but rather shows those languages that are first official languages of the political nations.

Other languages are reached through these languages. These are the major avenues of communications, and which are required to be used in their country. We show the number of countries using the languages listed. Principal languages may also be used secondarily elsewhere.

* Note Added by N.S.D., June, 2001: D. M. Fraser conceived of the S.T.A.N.D.A.R.D. Plan (Lesson 4, D4) whereby 96 % of the entire world can be reached with the gospel “*by the scriptures*” using 50 languages. He also had a simpler method of using 11 languages — marked below with an asterisk (*) whereby most people could be reached through these major languages (Lesson 4, Q3-a5). Although the 50-language goal is realistic (JW’s distribute their trash in 79 languages monthly!), we Baptists surely have no excuse why we cannot at the very least organize worldwide scripture distribution in 11 languages.

BAPTIST INTERNATIONAL
SP-108 Orientation

We must obey the commandments of the New Testament if we are to fulfill world evangelism. We must teach our people to fulfill their responsibility before God. Unless directed to do so by the Holy Ghost, we should concentrate *first* on these 11 languages in cooperation one with another.
